HOW TO REACH THE VERY BEST.

With only 20% of today's workforce actively seeking employment, how do you reach the other 80% of qualified candidates? Kelly Financial Resources® consistently networks and communicates with passive candidates, as well as those who are actively looking for employers.

We know what it takes for 100% of all candidates to seek a change in their career. So when it comes to staffing the very best, we're the definitive way to reach accounting and finance professionals at every level.

From highly experienced support staff to qualified senior level management and beyond, Kelly® has the expertise to provide our services to you on both a local and global level.

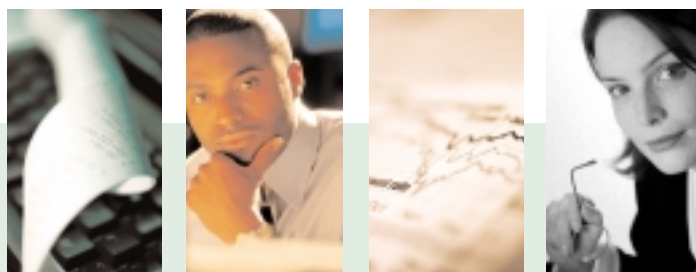

Let our expert career consultants recruit top-notch candidates who are ready, willing and able to assist **you** in achieving **your** corporate goals.

YOUR WORKFORCE CONSULTANTS.

Direct employee costs rank high on the list of operating any business. Add to this the hidden soft costs of lost productivity when positions remain unfilled. So let our professionals come in and analyze your current staffing situation. Together, we can design a staffing solution that's tailored to your needs. Whether it's reducing your full-time head count and supplementing it with flexible project professionals, or starting an entirely new department, Kelly Financial Resources has the talent and resources to help you achieve your objectives.

Kelly Financial Resources can provide career candidates on all levels with capabilities ranging from:

- Accounting
